OUR CLIENT	Page 13

We aim to be the most competitive and the most productive service organisation in the world. Our core competencies in Consultancy, Training, inspection, verification, testing, Auditing and certification are being continuously improved to be best-in-class. They are at the heart of what we are. Our chosen markets will be solely determined by our ability to be the most competitive and to consistently deliver unequalled service to our customers all over the world.

## OVERVIEW

Wherever you are in India, in whatever industry, you can rely on our teams of experts to provide specialized solutions to make your business faster, simpler and more efficient.

## WHO WE ARE ?

MTPL is the leading Consultancy, Training, Inspection, Verification, Testing, Auditing and Certification company. We are recognized as the benchmark for quality and integrity.

We are constantly looking beyond customers' and society's expectations in order to deliver market leading services wherever they are needed. As the leader in providing specialized business solutions that improve quality, safety and productivity and reduce risk, we help customers navigate an increasingly regulated world. Our independent services add significant value to our customers' operations and ensure business sustainability.

## OUR VALUES

We seek to be characterized by our passion, integrity, entrepreneurialism and our innovative spirit, as we continually strive to fulfill our vision. These values guide us in all that we do and are the bedrock upon which our organization is built.

## CEO STATEMENT

We seek to be characterized by our passion, integrity, entrepreneurialism and our innovative spirit, as we continually strive to fulfill our vision. These values guide us in all that we do and are the bedrock upon which our organization is built.

As well as delivering services that promote sustainable development, our values also show a commitment to corporate sustainability. For us, sustainability is about managing a long-term profitable business while taking into account all the positive and negative environmental, social and economic effects we have on society. We partner with you to offer independent services that will help you reduce risk, streamline your processes and operate in a more sustainable manner.

Verification of statutory compliance with respect to Central Electricity Authority Regulation 2010, Indian Electricity Rules 1956, National Building Codes 2005 and Best Engineering Practices.

Qualified Auditors of MTPL shall examine the safety of electrical installations by verification, enquiry, inspection and testing. Electrical Safety Audits are conducted by knowledgeable and experienced professionals who assist clients in reducing risk and help to ensure compliance with applicable standards and Regulations

Physical inspection of all electrical panels and distribution boards (PCC, MCC Panels) to identify electrical hazards (shock, fire, explosion, overloading) and to suggest electrical safety solutions

**Delivery Mode: Onsite only**

## **INDUSTRIAL SAFETY AUDIT**

A Safety audit is an organized process which is used to gather information associated to a company's safety, reliability, effectiveness, and efficiency. Our Qualified & Experienced auditor will examine the, work environment, processes, the state of equipment, and other details to measure these qualities. In Safety audits the auditors will explore the company's safety documents to assess how they can refine their processes and safety management systems.

IS 14489 is the Risk Management tool on Occupational Safety and Health Audit. Our Qualified Safety Auditor (DGFASLI Certified Auditor) will demonstrate Audit objectives, criteria and practices and provides instructions for establishing, conducting, planning and documenting of audits on occupational safety and health systems of an Organization.

Safety Audit is very important under various regulations in India. As per Section 7A of Factories Act, 1948, it becomes evident that by carrying out a safety audit and doing the necessary monitoring/follow-up, most of the obligations under this section are fulfilled.

**Delivery Mode: Onsite only**

## **FIRE & SAFETY AUDIT**

Fire Safety audit is an effective tool for assessing fire safety status in industries, laboratories, office, hotel, malls, hospitals, schools etc. The audit helps to identify the areas for improvement in fire safety measures in fire prevention, protection and mitigation system in case of fire. The audit provides an action plan which is a useful for fire prevention and mitigation and emergency preparedness.

MTPL (DGFASLI & NSC Certified Auditor) conducts Fire Safety Audit as per The Factories Act, the Petroleum Act, the CEA Regulation & National Building Code of India and other relevant safety standards.

Delivery Mode: Onsite only
